

Appn. No.: 10/774,021
Amendment Dated October 17, 2006
Reply to Final Office Action of April 17, 2006

ARK-153US1

Amendments to the Specification:

Please replace the paragraph, beginning at page 11, line 8, with the following rewritten paragraph:

The terms "hyperimmune egg" or "hyperimmune egg product" each mean whole egg or any product or fraction derived therefrom, obtained from an egg producing animal maintained in a hyperimmune state, and containing the anti-inflammatory composition as described in U.S. Serial Number 09/233,379, which is hereby incorporated by reference International Publication Number WO-00/43020.
